Hello Courtney,

I just heard from Michele that Lincoln's City Purchasing Dept has completed their paperwork for the posting Of a Vintra-like software package. Michele had a copy of the paperwork and had me check it over for final Approval. (I didn't know I would see or do that?) Michele was going to send City Purchasing a message That I have approved it. It is Michele's understanding that the posting for bid will go out today. Now that I've written That, the clock here says 1555hrs. So, my guess it will go out today or Monday! Yeah!!! Talk to you soon.

Hello Courtney,

Sorry for the delay in responding, I was out of the office yesterday and left early Tuesday. When I got to work this a.m. the Chief's Secretary had been given the task of getting some Video Stats from me for the Chief a.s.a.p. I haven't spoken to the Chief

Today, but am guessing this request was to discuss our unit's needs with our newly elected Mayor. (Sworn in May 20, 2019)

Jared says there was a news conference this morning giving stats about Video and other stuff increasing, and announcing steps to

Combat crime. I'm just guessing here, I know the Chief is still pro Vintra. I will do some more checking.
